

JN-20HD & JN-30HD

Large Heavy Duty Ovens

- o 20" (508mm) and 30" (762mm) wide flat wire, sprocket-driven stainless belts
- o Positive traction on belt—no tracking required!
- o Heating elements above and below the belt.
- o Ideal for High Temperature and High Volume parts.
- o Exit end can be extended and fitted with cooling fans.
- o Digital belt speed control with AC direct drive motor.
- o Fixed or variable belt heights.
- o Maximum operating temperature: 950°F (510 °C)

| Model | Chamber* (W x L x H) | Overall (W x L) | Power @460V, 3-ph | Capacity (lbs/hr) | |
|----------------|---|------------------------------------|----------------------|----------------------|----------------------|
| | | | | @800°F (427°C) | @500°F(260°C) |
| JN-20HD | 20" x 120" x 6" (508mm x 3048mm x 152.40mm) | 35" x 165" (889mm x 4191mm) | 66.6 KW | 850 lbs (386 Kg) | 1200 lbs (544 Kg) |
| | 20" x 156" x 6" (508mm x 3962.40mm x 152.40mm) | 35" x 205" (889mm x 5207mm) | 94.4 KW | 1100 lbs (499 Kg) | 1700 lbs (771 Kg) |
| JN-30HD | 30" x 120" x 6" (762mm x 3048mm x 152.40mm) | 52" x 165" (1320.80mm x 4191mm) | 93.6 KW | 1000 lbs (454 Kg) | 1600 lbs (726 Kg) |
| | 30" x 156" x 6" (762mm x 3962.4mm x 152.40mm) | 52" x 205" (1320.80mm x 5207mm) | 132.6 KW | 1400 lbs (635 Kg) | 2000 lbs (907 Kg) |
